

Revised Roofing Materials List

9/1/05

Section 7 (a) of the covenants reads, "Roof material shall be shake or cedar variety wood shingles unless a different material is approved by the Architectural Control Committee."

1. Light concrete shakes in Cedar Brown, Dark Brown, and Weathered Grey.
2. Gerard Shake (stone coated steel roofing) in Driftwood, Charcoal, Chestnut, and Mahogany.
3. Premium Dimensional Composite shingles with 40 year warranty, 350 pounds per square, UL rating of A, and aesthetically comparable.

Preapproved Dimensional shingles with colors are as follows:

Presidential TL (CertainTeed) – Autumn Blend, Bark Brown, and Shadow Grey.

GAF Grand Canyon – Mission Brown, Stonewood, and Storm Cloud Grey.
